CLEARINGHOUSE RULE 10-018

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated September 2008.]

2. Form, Style and Placement in Administrative Code

- a. The SECTIONS of the rule need to be placed in numerical order of the rule provisions being treated.
- b. It is inappropriate drafting style to strike or underscore letters of a word. See SECTION 2. The entire word should be stricken, followed by a new underscored word.
- c. The material in SECTION 5 of the rule should not be shown as underscored, as it is not being amended, but instead is being repealed and recreated.
- d. The format of the note following SECTION 5 of the rule should be reviewed. There is no apparent need to underscore the text.
